Summary

I'm a passionate Web Developer skilled in the MERN stack and modern tools. I enjoy solving real-world problems with clean, efficient code and building user-friendly web experiences. Quick to learn, adaptable, and always exploring new technologies.

EXPERIENCE

SinQlarity | *Web Developer Intern*   *Remote* | **Aug/2023 – Nov/2024**

- Built and deployed **robust APIs for user management and quiz applications**, improving system efficiency and reliability.
- Developed **dynamic, responsive React frontends** with reusable components, enhancing user experience and engagement.
- Integrated **MongoDB with Node.js backend** for seamless CRUD operations and secure data handling.
- Worked in an **Agile environment (Scrum, Kanban)**, contributing to sprints, stand-ups, and collaborative problem-solving.

Projects

Personal Portfolio Website | *React.js*   **Jun/2024 - Present**

- **Live Demo** |**GitHub**
- Designed and developed a personal portfolio website to showcase my projects, skills, and experience.
- Built with **React.js**, styled using **CSS/Styled Components**, and deployed on **Vercel**.
- Implemented responsive design, smooth navigation, and project linking.
- Continuously updated with new projects and blog content.

Quizzy | *MERN Stack App*   **Jul/2024**

- **Live Demo** | **GitHub**
- Developed a full-stack quiz application with the following features
  - User registration with OTP verification and secure login
  - JWT-based authentication and authorization
  - Create quizzes and publish them as **public or private**
  - Attempt published quizzes and view results instantly
  - Change password, logout, and account deactivation options
- **Planned Future Enhancements**: Leaderboard system, quiz categories/tags, timer-based scoring, admin dashboard, and mobile responsiveness improvements.

Tic Tac Toe Game | *React.js*   **May/2024**

- **Live Demo** | **GitHub**
- Developed a classic **Tic Tac Toe game** using **React.js**, applying modern component-based architecture.
- Implemented features like game reset, win/draw detection, and a modal popup for match results.
- Practiced state management using **React hooks** (useState, useEffect) and conditional rendering.
- Designed a responsive and clean UI with custom styling.

EDUCATION

LBS PG College | *Bachelor of Computer Application*   *Gonda, UP |***2025**

Taj Inter College | *Intermediate*   *Gonda, UP |* **2022**

Taj Inter College | *Highschool*   *Gonda, UP |* **2020**

SKILLS

•	**Frontend Technologies:**	*JavaScript (ES6+), TypeScript, React.js. HTML, CSS, Bootstrap*	Intermediate to Advance
•	**Backend:**	*Node.js, Express.js*	Intermediate
•	**Databases:**	*MongoDB, MySQL*	Intermediate
•	**Agile Methodologies:**	*Scrum, Kanban, Jira, Notion*	Intermediate
•	**Tools & Technologies:**	*VS Code, Git, GitHub, Postman, MongoDB Compass*	Intermediate to Advance
•	**Soft Skills:**	*Teamwork, Problem Solving, Adaptability, Time Management*	Strong
•	**Communication:**	*Written and Oral Communication: English, Hindi Urdu*	Strong

INTERESTS

- Exploring new tools and web technologies daily
- Watching sci-fi and tech-based movies like *Interstellar*
- Following modern UI/UX trends and web design inspiration
- Learning about startups and how tech is shaping the future
